ABOUT ME

Aspiring Full Stack Developer with skills in HTML, CSS, JavaScript, Spring Boot, and PostgreSQL. Focused on building responsive, user-friendly web applications and developing efficient backend APIs. Eager to learn new technologies and contribute to real-world software projects.

TECHNICAL SKILLS

BACKEND

- Java
- Spring Boot
- Spring MVC
- REST API
- PostgreSQL (Basic)

FRAMEWORKS & TOOLS

- Hibernate
- Git

CONCEPTS

- API integration
- exception handling

FRONTEND

- HTML & CSS
- JavaScript

EDUCATION

Bachelor of Technology in Information Technology

Al-Ameen Engineering college (2025)
CGPA – 7.8

Higher Secondary School

SVM.Hr.Sec.School (2021)
Percentage – 75.9%

ACHIEVEMENTS

- Participates in college symposium (Seminar)
- Participates in devfest2023

EXPERIENCE

DATA SCIENCE INTERN

(Mar 2025 – May 2025)

Yellow matics, Erode

- Assisted in developing backend modules using Java and Spring Boot.
- Designed and tested RESTful APIs for internal tools and data services.
- Collaborated with developers to debug and enhance backend functionality.
- Supported automation of data processing workflows using Java logic.
- Documented technical processes and maintained project reports.

PROJECT

E-Commerce Web Application

- Developed a full-stack eCommerce web application using HTML, CSS, and JavaScript for the frontend, with Spring Boot and PostgreSQL for the backend.
- Built RESTful APIs for product management, user authentication, and order processing.
- Implemented a responsive UI with dynamic feature like product listing, cart, and checkout

PORTFOLIO WEBSITE

- Created a personal portfolio site using HTML, CSS, and JavaScript.
- Showcases academic background, projects, and technical skills.
- Designed a responsive layout optimized for mobile and desktop.
- Deployed on GitHub Pages for public access and visibility.

TO-DO LIST

- Built a task management app using HTML, CSS, and JavaScript.
- Implemented task creation, completion, and deletion features with interactive UI.
- Focused on a minimal design and improved user productivity with clean UX
